DANCE OF LIFE

As we swim in this turquoise sea,
Your legs glide next to me.
Dolphins leap in delight.
In this rainbow coral reef below,
Tropical fish tickle our toes.

What led us to this miracle of life?
Waves dancing day and night.
Birds circle up above
The forest at great height.
Here we are, a part of it, this dance of life. (2 times)

What a thrill!
What glory to be alive!
To be part of such beauty
With you by my side.
So will you be my partner in this dance of life?

Atoms swirl in infinite blending.
All this, miraculous, never ending.
Millions of years led you to me.
Here we are, a part of it,
A part of it, this dance of life.

On our precious planet, we all dance as one.
On this round blue ballroom.
We twirl in space,
Lift each other up,
As we travel through the starry night.

Here we are, a part of it,
A part of it, this dance of life. (2 times)

Here and now,
As we walk from waves to sand,
On this sun-kissed beach,
We twirl and whirl, holding hands.
Will you be my partner in this dance of life?
