TOWN OF MY DREAMS

I live in this town every night in my dreams
Where hope flows like water in a gentle stream.
Children play without fear.
Neighbors offer good cheer.
And courtesy is sincere.
And kindness is king.
In the town of my dreams.

Won't you join me in this town?
Bring your love and come on down.

I live in this town every night in my dreams
Where everyone is greeted with smiles.
And every conversation rings with laughter for miles.
Yes, and kindness is king.

Every night I live in this town of love and light
Where everyone tries to do what's right.
Where beauty is found in everyone and everything.
Yes, and kindness is king
In this town of my dreams.

Won't you join me?

Every night I live in this town of love and light
Where everyone tries just to do what's right.
Where beauty is found in everyone and everything.
Yes, and kindness is king
In the town of my dreams.

Won't you join me in this town?
Bring your love and come on down.
Everybody, everybody come on down to this town of my dreams.
